

Wireless Wi-Fi & GSM Alarm Kit with Solar Outdoor Sounder

ALM2000

The amalock Wireless Wi-Fi Alarm Kit is easy to install to protect your home and commercial property. Whenever a motion is detected or a contact is activated, the alarm alerts your mobile device to send you a notification that your alarm is sounding.

Kit includes:

- > 1 x Door/Window contact
- > 1 x PIR Motion Sensor
- > 1 x Internal sounder Control Hub
- > 2 x Remote Controls
- > 1 x Sounder

Features include:

- > Backup battery powered (in case of mains failure)
- > Set zone type, eg; Away, Home, SOS
- > Store 6 different mobile numbers to call if activated
- > IOS and Android phones are supported
- > Easy install
- > 110db (decibel)
- > Distance = 150m in open space / 30m within building
- > 433MHz
- > Up to 99 sensors

Optional extras:

- > ALM2000-PIR
- > ALM2000-CONTACT
- > ALM2000-REMOTE

NO MONTHLY SUBSCRIPTION

The image displays the components of the alarm kit: a PIR motion sensor, a door/window contact, an internal sounder control hub, and two remote controls. Below these, a large orange plus sign indicates the addition of the solar outdoor sounder, which is a white and red device with a solar panel on top. At the bottom, the text 'POWERED BY: tuya Wi-Fi | GSM' is displayed.
