

# Wireless Wi-Fi Video Camera with Solar Panel

## CAM200A-Solar

Easy to install wireless Wi-Fi video camera with an included solar panel to protect your property and vehicles, whether commercial or residential.

The solar panel provides continuous charging, helping to maintain power to the camera and reduce the need for manual recharging.

Whenever motion is detected, the camera streams an image to your mobile device to alert you of any activity. Dial in at any time to keep an eye on your property 24/7.
