

# Wireless Wi-Fi Video Camera with Solar Panel

CAM400-White-Solar

Easy to install wireless Wi-Fi video camera with included solar panel to protect your property and vehicles, whether commercial or residential. The solar panel keeps the camera charged, reducing the need for manual battery changes and ensuring continuous power all year round.

Whenever motion is detected, the camera streams an image to your mobile device to alert you instantly. Dial in at any time to keep an eye on your property 24/7.
